

Company Profile 2026

Transparency. Unveiled,
We look at the business

PERNA
SAÚDE

We are

PERNA SAUDIT is a modern and dynamically developing advisory firm which provides integrated legal, tax, accounting and auditing services to foreign and local clients. Our success is based on long-term professional partnerships with clients, a professionally strong team, and integrated services coupled with personal connections with our clients. We provide advisory services to large and medium-sized businesses as well as to small businesses and individuals. Although we provide services primarily in the Panama Republic, through our partners we are able to provide legal and tax consultancy in other countries as well.

Governance

Perna Saudit adopts the divisional organizational structure. The divisional structure has been adopted, as Perna Saudit needs to concentrate resources towards its products and services. To each division, the divisional structure supports the strategic objectives and gives them decisionmaking powers, building a common corporate culture and a spirit of collaboration that makes teamwork more effective.

History

A development, a growth. From Sancar Asset (London 2010) to Perna Saudit Holding (Panama 2018), a journey that lasted years that has allowed us to grow in the international markets in the business consulting sector.

We have lived through years of hard work to be able to establish ourselves among the countless competitors and gaining the esteem and trust of our customers.

We have faced the challenges of the times that run up to 2020, the year of the pandemic, but also of diversification, generational change, professional growth, countless challenges.

Today we are the same people as yesterday, with more experience and a name that belongs to us and belongs to me.

Versatility

We support our customers in achieving their goals, providing customized services able to meet their needs in the multiple development sectors

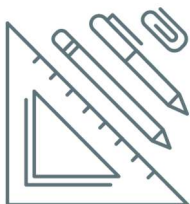

Efficiency

We are committed to guaranteeing operational efficiency and excellence, in order to offer our customers a high quality and value service.

Innovation

Our corporate culture encourages and rewards innovation and creativity, particularly in the development of decision-making processes and business strategies.

Cooperation

Our customers are also partners. Cooperation and mutual support guarantee the quality of service and the success of each project.

Alliance

Our firm has global reach through international networks and professional contacts with experts. As a result, our clients benefit from having access to premium-quality foreign advisory services, ranging from general information about their inquiry over the phone to comprehensive service packages in the areas of law, tax, audit and accounting. Alliance is a network of independent legal, tax, audit and accounting consultancies. As members of the network we have a unique opportunity to provide comprehensive services to clients requiring overseas consultancy support and to keep abreast of global developments in the areas covered by our services. Alliance is a network committed to providing the highest quality services and LTA, like any other member, is required to pass regular quality reviews in accordance with international standards.

Alliance is a network of firms and its affiliated firms are not an international partnership. Each member firm is a separate entity and neither Alliance nor any member firm accepts responsibility for the activities, work, opinions or services of any other member firm.

Navigating Business Success!

The benefits of Alliance include strong personal and professional relationships. Alliance has permanent members in many countries and a large network of member firms that also covers other jurisdictions. Our involvement in Alliance gives us high flexibility and ensures that our work related to international transactions is of premium quality.
